KEY FEATURES

Unmatched Realism

Our proprietary holographic technology uses dual OLED-screens to project ultra-realistic 3D flames.

Customizable Flame Ambiance

Enjoy six flame styles, adjustable in height and speed, paired with lifelike log media and optional crackling sound effects for the ultimate fireside atmosphere.

Sustainable Design

The Holographic Electric Fireplace offers an energy-efficient heating output of up to 5,120 BTU/hr with zero emissions, making it the ideal eco-conscious choice.

Frameless Elegance

Completely frameless for the cleanest and largest fire-viewing area available, seamlessly integrating into any luxury interior.

Advanced Smart Control

Easily manage every aspect of the fireplace using the Ortal mobile app, remote control, or voice commands via Alexa and Google Assistant.

Effortless Installation

Designed for simplicity-making it perfect for both new builds and retrofitted spaces.

Versatile Configurations

Available in two sizes (60" and 74") with front-facing, corner, and three-sided layouts to suit diverse design needs.

Made in Britain

Crafted with precision and excellence in the UK, ensuring top-tier quality and innovation.

5-Year Warranty

Enjoy peace of mind with a comprehensive five-year warranty, guaranteeing long-lasting performance and reliability.
